## An aerial photograph of a coastal town. The town is built on a peninsula or near the coast, with a harbor area in the center. The water is a deep blue-green color. The town itself is densely packed with buildings, mostly with light-colored roofs. To the left of the town, there are large, flat, brownish fields, possibly agricultural. The coastline is irregular, with some small bays and inlets. The overall scene is a mix of urban development and natural landscape.
